My Swim Results is able to prepare an excel spreadsheet for your club which you can easily update online with the team. If you are interested in this method - please contact My Swim Results. This method allows for a group of coaches to collaborate on the same spreadsheet online by simply filling in the "yellow cells". Typing into the cells will allow Swimmers names to be selected. Updates to the team are recorded automatically. The alternative is to submit a Team Manager entry file.

Clubs need to submit their march past music by the 3rd of February.

Please note that Team Manager and Meet Manager do not support more than 8 swimmers in a relay so the 10x50 relay team members will need to be nominated separately.
